#### **Fund Reports**

**Aberdeen Standard Asia Focus** suffered a *decline* of 13.6% in net assets over the year to 31 July 2020, underperforming its two benchmark indices which were *down* 2.5% and *up* 1.9%! The share price *fell* 13.2%.

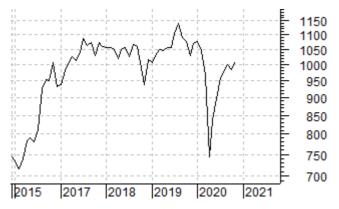

The smaller companies in which the trust invests fell with Covid-19, while the trust had a low exposure to China, which performed well relative to other Asian markets.

The trust will pay a 0.5 pence higher annual dividend of 14.5 pence, plus a 0.5 pence lower special dividend of 4.5 pence. These will be paid 9 December (ex 13 November).

The company believes "it is in the long-term interest of shareholders to take advantage of the current low interest rates" and has raised £30 million of debt through the issue of 15 year Senior Unsecured Notes at an interest rate of 3.05%. Initially this will be used to repay the £11.2 million debt drawn down on the existing £20 million Revolving Credit Facility (which will be cancelled).

It has also arranged the potential to draw down a further £35 million for five years, but this will only be used to repay the existing Convertible Unsecured Loan Stock at redemption in 2025 or before.

#### Aberdenn Standard Asia Focus

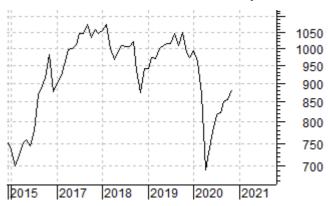

Scottish Oriental Smaller Companies Trust also performed badly over its financial year to 31 August 2020. Net assets *fell* 13.2%, while its two benchmark indices *rose* 7.1% and 10.9%.

The underperformance relates to the portfolio country weighting, with Scottish Oriental Smaller Companies over-weighted in India (42% of the portfolio, compared with 9-14% in the indices) and Indonesia and Philippines (about 12-13% in each country, compared with only 1-2% each in the indices) and under-weighted in Greater China (19%, compared with 47-69% in the indices).

The annual dividend will be a steady 11.5 pence, payable on 15 January 2021 (ex 4 December).

#### Scottish Oriental Smaller Companies
